Mural tile & selected specialty tile kits - by V. Rinard of Omniarts. Photographically reproduced tiles are finished using Brooke Tucker's method. The result is approximately 1/2" square tiles that are ready to be cut apart, applied to a project, grouted & sealed. The tiles are mounted on archival board & finished so they are water resistant. The end result is a tile that gives the appearance of ceramic tile w/o the expense or weight. Over 228 different tile kits available in Mexican & Spanish, Victorian, Medieval, Art Deco, Art Nouveau & contemporary styles. For an 8 page color catalog of the tiles, please send \$8.00. Prices for 95% of tiles are \$6.00/3 1/2" x 5" sheet w/selected larger murals \$12.00 & \$18.00.
